

User Registration – standard LTOM user, or fan

Screen 1: Data Input for Initial registration

- Name*
- Surname*
- Email*(**check if email address exists on the system**)
- Repeat Email*
- Username* (**check if username exists on the system**)
- Password* (**check for password strength**)

REGISTER | CLEAR FORM

!Form Validation and Error handling with AJAX!

Screen 2: Confirmation (welcome to LTOM, and in continuation)

Please complete your personal profile:

- User icon, for comments, forum: [choose], [upload] we need default number of icons and size specs, see how this is executed in Gmail settings
- Date of Birth (dropdown calendar selection feature)
- Gender M/F
- ~~Your picture~~ [upload] – this will be displayed inside your public profile, or restricted to chosen users depending on your choice (see below) **WE WILL NOT NEED USER PHOTO**, user icon or avatar is enough at this stage...
- Your website URL
- Short profile (a few words about yourself - this information will be displayed in your public profile for other users to see)
- Make my profile Public or Private (option button, default = private) *

SAVE | CANCEL

Screen 3: User Account Page

After saving (or cancelling) account entry from Screen 2 user will access account page for the first time.

User personal account page contains the following:

- User Icon
- Username

- First name, Last name
- Date of Birth
- Email Address
- Website (link)
- Brief Profile

Include Links (button) to edit your profile, this will keep the same objects on the page but reload all changeable items in text fields - offer options to change:

- Add/Replace/Upload User Icon
- Change First name (**cannot be left blank, requires validation – alpha characters only**)
- Change Last name (**cannot be left blank, requires validation – alpha characters only**)
- Update or Delete Brief Profile Text
- Update Email address (**cannot be left blank, requires validation – valid email address and cannot belong to other registered user**)
- Set/Change profile view option as public or private

The rest of user account page (Home) below user details will contain the following elements:

- List of favourite bands (default empty) – tabular display where each link will display artist/band logo (if available) and the name – click on either will take the user straight to artist page. The favourite bands/artists user will be able to select by clicking on “become a fan” at individual band/artist page. There will be a link “How to add favourite artists/bands?” This is a JavaScript (light box effect) popup tip stating the following: “You can select your favourite Artists and Bands by browsing our database. Click here to go to artist/band index page.”
- Personalised Playlists (default empty) – this will be populated once user starts playing available tracks using the flash player.
- Recently played (default empty) – same as above.
- My downloads (default empty) – same as above.

Continue to artist/band registration....

Artist/Band Registration

Screen 1: Data Input for Initial registration

- Name*
- Surname*
- Email* (check if email address exists on the system)
- Repeat Email*
- Username* (check if username exists on the system)
- Password* (check for password strength)

SAVE AND CONTINUE TO ENTER ARTIST DETAILS | CLEAR FORM

!Form Validation and Error handling with AJAX!

Screen 2: Artist/Band Details

Please complete registration by providing artist or band details:

Artist/Band Details

- Artist/Band Name *(check if artist name exists on the system)
- Date Formed *
- Artist/Band official email (if any) (no need to check if email address exists on the system, it is possible that one person receives the fan or contact mail for more than one band)
- Artist/Band Website URL (if any)
- Address (textbox)
- City (textfield)
- Country (dropdown list) *
- Telephone

What is your role?

- I am a: Solo Artist | Band Member | Band PR or Manager (option buttons) *
- Date of Birth
- Gender M/F
- Your personal website URL (text field followed by a checkbox: “make this same as artist/band website”)

If Solo Artist or Band Member option was selected above (AJAX):

- I am the admin for this band’s account | all band members can assume admin role
These are option buttons – “include tip: after the registration you can invite other band members to register and assign individual administrative privileges”

- I Play [dropdown list: vocal | guitar | bass | keyboard | drums | ...other = display blank text field]

CREATE ACCOUNT | CANCEL

Screen 3: Please Complete Artist/Band Profile Details

(by now we already know if this is an **artist** or a **band** so we display the appropriate name)

Please enter additional artist/band information, upload photos, music and add videos.

Artist/Band Profile

- Upload Artist/Band Logo (if any) [browse]
- Short profile (*a few words about the artist/band - this information will be displayed on your artist/band profile page*) **255 characters max textbox with counter info at the bottom corner**
- Upload Artist/Band Main Picture for profile display [browse]
- Upload Artist/Band Banner (for main display on artist/band listing page) [browse]
- Enter (paste) Artist/Band Full Biography

SAVE | I WILL DO THIS LATER (this button will take user to band admin page)

Screen 4: Artist/Band Profile Page

All the above provided entries will be situated from the top of the page, same as user account page there will be edit details button: all artist/band details are editable.

At this stage there will be 2 tabs available at the top of the page:

- Artist/Band Profile: Artist related info and control panel – **this page**
- My Account: User account page containing currently logged in user control panel (see bottom)

The rest of the artist/band page contains additional features:

PHOTOS - Manage/Upload Photos

- Upload additional photos and images, concert footage, press and other [browse] [upload]

VIDEOS - Manage/Add Videos

- Embed videos (YouTube or other) [paste HTML code – text field]

ALBUMS – Manage/Upload Albums:

Add album

- Album Title:
- Upload album cover [browse]
- Number of tracks: (this will determine how many browse-upload fields will appear below in add tracks section)

Add tracks (number of fields depending on the “number of tracks” value entered above!)

- Song Title
- Length {min:sec}
- Compression (**we currently only support MP3 format**)
- Bit rate: textfield + option buttons [CBR (default) | VBR]
- Select File [browse]

UPLOAD ALBUM | CLEAR FORM

My Account will contain the same set of features as regular LTOM user (fan) but with an addition of:

- Picture
- Biography (if user is musician)
- Make my profile public/private (if made public the member name in the artist/band page will link to it – only musicians names will establish a link, not Band PR or Manager)
